

April 2025 Classroom Newsletter

News From 4A

"But God raised him from the dead, freeing him from the agony of death, because it was impossible for death to keep its hold on him." Acts 2:24

March has flown by and it's hard to believe that it is time for spring break already. It's been a wonderful month of learning and growing together.

In Language Arts we worked diligently on preparing our paragraphs and presentations on Extreme Weather. The students were very excited to show their work. We have finished up our persuasive writing activities and will be moving on to story writing in April. We have started our Historical Fiction Unit in Reader's Workshop and will be studying the important details, people and places involved in the Fur Trade.

In Math, we will be moving onto our Patterns Unit. For many of our outcomes in math, we rely on quick recall of basic facts. Practicing multiplication and division facts is a very valuable application in other math topics.

In Social Studies we will continue our partner research on the First Nations people of Alberta.

In Science we are continuing our unit on Earth Systems. We will explore the four spheres of the Earth. We will also look at natural resources, biodiversity, and conservation.

Thank you for coming to check in with us during Parent Teacher Interviews. It's always so nice to connect with parents about progress.

We look forward to celebrating Easter and invite you to attend our Easter Chapel.

Upcoming Dates:  April

2: Early Dismissal

17: Easter Chapel 9:15am

18: Good Friday, 20: Easter Sunday, 21: Easter Monday- School Closure Days

9, 23: Chip Day
